

## Spectacular Failures/Koolaid

Just Jack

Life is but a dream in a greater scheme, waking up is hard to do.

Even if you're quick, something holds you back, always waiting in a queue for someone, to tell you you're broke, or you should not smoke anymore cigarettes.

Planets will align, if you give them time.

When you least expect, everything connects, even when the hope is gone there is you, and you'll keep your name, and the things in your brain just might see you through.

'Cos you are light, and in darkest night you shine.

And I guess we're doing fine, but there's no escaping our spectacular failure.

Digging in between things we've never seen, trying to find the missing links.

All these scientists are trying every trick just before the city sinks without trace.

So much we've achieved, so I hope when we leave there's a smile on our face.

'Cos you are light, and in darkest night you shine.

And I guess we're doing fine, but there's no escaping our spectacular failure
