

# Something That I'm Not

Just Surrender

I keep thinking that there's something I'm supposed to do  
I keep searching but I'll never measure up for you  
I hate the way that you always have something to say  
Yeah I can bend but I won't break for what you willingly pay

Maybe I'm not meant to be all the things you want from me  
Isn't it enough to just believe what we've got is enough  
Maybe I'm not meant to be, tired of the dreams you're dreaming  
I can slowly feel you changing me into something that I'm not

I'm getting tired of you playing me like a fool  
I thought I'd land in the skies when I aimed at you  
I find myself coming up short every time  
If you can't see me standing here love then you're blind

Open your eyes

Maybe I'm not meant to be all the things you want from me  
Isn't it enough to just believe what we've got is enough  
Maybe I'm not meant to be, tired of the dreams you're dreaming  
I can slowly feel you changing me into something that I'm not

I feel the pressure in my life I feel you closing in on me  
I feel you closing in on me

Maybe I'm not meant to be all the things you want from me  
Isn't it enough to just believe what we've got is enough  
Maybe I'm not meant to be, tired of the dreams you're dreaming  
I can slowly feel you changing me into something that I'm not

(I can slowly feel you changing me) something that I'm not  
(I can slowly feel you changing me) something that I'm not  
(And I can slowly feel you changing me) something that I'm not  
(And I can slowly feel you changing me) into something that I'm not  
not  
(And I can slowly feel you changing me) something that I'm not  
(And I can slowly feel you changing me) something that I'm not
