

# Brave

Justin Garner

(Verse)

Standin cross the street  
Always lookin but away  
Scared of anything  
'Cause your heart's been broken

(Verse)

But baby that ain't me  
My love won't go unspoken  
I'd do anything  
To prove this heart is open

(Pre-Chorus)

Wait for me  
So I can show you what the love is  
I need you to stay  
With me

(Chorus)

But you gotta be brave  
Baby just be brave  
Baby just be brave  
Come get with me  
Need you to be... brave...  
Come get with me  
Need you to be brave

(Verse)

Look into the mirror  
You will say to you  
I'm beautiful  
I do

(Verse)

So I'mma start payin for him  
Those mistakes goes in  
Gonna start all new  
I do

(Pre-Chorus)

Wait for me  
So I can show you what the love is  
I need you to stay  
With me

(Chorus)

But you gotta be brave  
Baby just be brave  
Baby just be brave  
Come get with me  
Need you to be... brave...  
Just be brave  
Come get with me  
Need you to be brave

(Verse)

I know that world's still fresh

I know you don't know what's next  
I'm begging you  
Need you to be brave

I know that it hurts to think that I  
Could hurt you again one more time  
Uh baby  
Come get with me, need you to be... brave...  
Brave yea  
Come get with me  
Just be brave  
Just be brave  
Come get with me, need you to be... brave...
