Tightrope

Justin Hayward

Yes I used to walk the highwire every nightYes I used to walk the tightropeBut it got too tightI walked the straight and narrow lineMy head was spinning roundI worked without a safety netBut it was such a long way down

Yes I used to walk the highwire every nightYes I used to walk the tightropeBut you need a head for heightsI walked the straight and narrow ropeMy head was spinning roundI worked without a safety netBut it was such a long way down

Oh you might have seen usIf we came to your townThis game's mad e for heroesAnd clownsNot thinking about tomorrowLiving for tod ayI never left a note sayingI'm going away

Yes I used to walk the highwire every nightYes I used to walk the tightropeBut it got too tightI walked the straight and narrow lineMy head was spinning roundI worked without a safety netBut it was such a long way down

Oh oh oh oh oh oh oh oh oh ohhhhhhh

Yes I used to walk the highwire every nightYes I used to walk the tightropeBut it got too tightI walked the straight and narrow lineMy head was spinning roundI worked without a safety netBut it was such a long way down

Oh oh oh oh ohhhhhh (Don't look downDon't look down)
