

The One Party System

Justin Sane

Two puppet parties,
one ideology.
Keep the capitalists happy,
subvert any democracy.

With the system,
guard their wealth.
Leave the rest of us to fend for ourselves.

As they blame the welfare rules for all our rules.
As they blame leftwing liberals for all our rules.
As they blame affirmative action for all our rules.
As they blame anyone that isn't them for all our rules.
