Last Night

Justin Timberlake

I just want to enjoy my life And show this world how to care And nothing brings more joy to my life Than knowing my girl will be there Are ya happy girl? (Huh?) Knowing that you right near broke my heart in a piece or two (Huh?) Knowing that I would have walked across the ocean for you Saying you're young and confused Well that's a lame excuse That's why the only one to blame is you for Last night Can't believe what I was hearing Telling me to have a nice life So tonight I don't think I'll spare your feelings You're on your own I'ma do for me what's right In your eyes a see a second chance Maybe I should take another glance But for now I'll wash my hands Cause I love ya baby, love ya baby Pharrell say don't do it the same But I say ain't playing my games But for you my soul still remains Cause I love ya baby, love ya baby Are ya happy girl? (Huh?) Knowing that you right near broke my heart in a piece or two (Huh?) Knowing that I would have walked across the ocean for you Saying you're young and confused Well that's a lame excuse That's why the only one to blame is you for Last night Can't believe what I was hearing Telling me to have a nice life So tonight I don't think I'll spare your feelings You're on your own I'ma do for me what's right I hope you're thinking (Remember girl, when I was your man) I hope it sinks in (If you don't understand, then you don't understand) We're gonna stop dreaming (The way I feel) About you Last night
