

Coming Back

Justyna Steczkowska

I've been walking around
space and time
Seeing all the planets there
spinning round
I've been really far away
Far beyond time
But I've decided to come back
To tell you more than that

Chorus:
Coming back to
Give... you love
Touch... you deep
Leave... things behind

Coming back to
Give... you love
Touch... you deep
Be reborn

I'm getting closer,
I can feel you
Sun's sweetest touch
Flowers bloom
I can taste the love all around... all around
Fill you with it...

Chorus:
Coming back to
Fly... the skies
Leave... what's wrong

Hold... you tight

Coming back to
Fly... the skies

Leave... what's wrong
Cherish life
