[Juvenile]

Hey homie, you don't wanna get familiar with us  
Fuckin' over you would give me and my niggas a rush  
I'm sick of all you and the fortune and supposed to be thugs  
Tellin' stories 'bout your life when that was not how it was  
Yeah a nigga did some shit back in the days with the pack  
Like in your hood, when you was out there gettin' paid with the crack  
You get the fuck when you hear shots and it's not yo' peep  
But if a ricochet hit you, you better pop yo' heat  
Yeah you know I'm from the 'Nolia but you do not know me  
Quit eyeballin' a nigga down 'fore you get shot homie  
You don't wanna know what I've been thinkin' up  
You better go 'head on and find you another spot to chill  
Cause I've been drinkin' cuz  
We see a light and everything ain't great  
It's like everybody mind is in the same old state, ya know  
Although a nigga fucked up with his revenues  
I'mma tell you four fuckin' things I'mma never do

[Hook]

(One) Never gonna stop tryin' to get it  
(Two) Never turn my back on my city  
(Three) Never let the money fuck with me  
(Four) I'mma never stop hollerin' at the bitches

[Bridge]

And the sets go up, and the sets go up  
And the sets go up, and the sets go up  
And the sets go up, and the sets go up  
And the sets go up, and the sets go up  
And the sets go up

[Juvenile]

From the 3 to the 17, ey yo we doin' it big  
If you're ghetto you know who Wacko and Juvenile is  
New Orleans, see I'mma rep that, cause these my peeps  
You could pick up some bad habits hangin' in these streets  
Have you talkin' to this and that nigga and showin' your teeth  
Walkin' round you like you took care and you handled your beef  
Pissed off cause your ho wanna come talk to me  
To show me the little gift that she done bought for me  
I take it back to when the Big Tymers was pushin' the size

When niggas wore Dickies suits like it was regular jobs  
We cop Adidas, ghost town and Anita's used to be packed  
And rumors started poppin' and it started to crack  
We used to drink Crazy Horse and shoot dice in the back  
We had four rules in life and I can promise you that

[Hook]

(One) Never gonna stop tryin' to get it

(Two) Never turn my back on my city

(Three) Never let the money fuck with me

(Four) I'mma never stop hollerin' at the bitches

[Bridge]

And the sets go up, and the sets go up

[Wacko]

Now why you muggin' a nigga? Let that bitch go

Let her bounce with a gangsta out six coat

Let her wil' out and flick it off a disco

Let me gas up, dick her down and get ghost

Ain't trickin' for the vagina, I like to get throat

Yo' stupid ass tryin' to stay in here and lick toes

Good girls love G's, that's how the shit go

That's why niggas need to tighten up and get low

I know you heard of \*clap-clap\*, I'm gettin' doe

Let me check my palm pilot, I'm gettin' hoes

Let me check my squad' wallets, we gettin' close

My squad up in the crowd wilin', they spittin' more

Drive by in the '5-5, forget a '4

Five, five and another five, we get a show

Fifteen and another five, you'll get some blow

You hustlin' your block, pop and you get some more

[Hook]

(One) Never gonna stop tryin' to get it

(Two) Never turn my back on my city

(Three) Never let the money fuck with me

(Four) I'mma never stop hollerin' at these bitches

[Bridge]

And the sets go up, and the sets go up

And the sets go up, and the sets go up

And the sets go up, and the sets go up

And the sets go up, and the sets go up

And the sets go up, and the sets go up

And the sets go up, and the sets go up

And the sets go up, and the sets go up
