

Knock It Off

K-Ci & JoJo

Girl, knock it off; baby, knock it off
Girl, knock it off; b-baby, knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off; b-baby, knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off; b-baby, knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off; b-baby, knock it off

I'm loving your every thing
I'll do anything to make you feel good (feel good)
K-Ci's got that real good (real good)
And we can go all night
Wake up in the morning, you'll be like it's still good (still good)
Ooh yeah, still good
You better stop playing them games
Sexy ass soft and look at that frame
Goddamn (goddamn), goddamn (goddamn)
Over them body goings
Then you can leave and tell your friends
That man (that man), that man (that man), that man (that man)
He's got me going

I'm gonna take you to my room
And lay you down if you don't knock it off
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)
Feel my real at work
I'll be the man your friends be talking about
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)

Lady, you're way too close
Smell you perfume and it's fire blazing
Got me going crazy, crazy, crazy
What did you do to your hair?
Your hair's on my chest when you touch me right there
I can't contain it (can't keep it inside)
It's about to go down
I'm about to lay you down, and give you that business
That business
You don't need no help
You feel it on me and I feel it myself
And I know you're with it, baby

I'm gonna take you to my room
And lay you down if you don't knock it off
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)
Feel my real at work
I'll be the man your friends be talking about
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)

Let me take you there
You need to knock it off (knock it off)
Knock it off

Nothing could compare
You need to knock it off, knock it off
Knock it off (knock it off)
Tell me how you like it
You need to knock it off, knock it off
Knock it off (knock it off)
You got me so excited
You need to knock it off, knock it off
Knock it off

I'm gonna take you to my room
And lay you down if you don't knock it off
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)
Feel my real at work
I'll be the man your friends be talking about
(Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off)

Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off
Girl, knock it off; baby, knock it off
Girl, knock it off, b-baby knock it off
