

# I Don't Believe

K. Michelle

Oooh, oh I don't believe in love  
'Cause I can't feel no pain  
Been through so many do's  
It just don't feel the same  
I don't believe in you  
Your album sales ain't true!  
I believe strippers should get health insurance too  
I don't believe that you gon' leave ever me  
And I don't want you, now you're twitting at your selfie  
I don't believe you call yourself? me  
I been through enough  
Why can't you let me be!  
I don't believe that god took my aunt from me  
And I'm just crying cause I don't believe in nothing  
Nothing  
Pray to god that will show me something  
Something  
'Cause I feel nothing

I don't believe I'm single til this day  
I don't believe in much,  
But I still pray,  
I don't believe the grammy's didn't nominate me  
I'm a little ratchet  
But my music's everything  
I don't believe my best was stole from me  
I don't believe my sisters care for me,  
Make me a mother  
But not make me a wife  
Never make me smile, but always make me cry  
I don't work out, but I gotta try  
And I'm just crying cause I don't believe in nothing  
Nothing  
Pray to god that will show me something  
Something  
'Cause I feel nothing
