

# Rain Or Shine

K.Young

Rain or shine  
I will stand by your side  
And I will always love you the same  
Rain or shine  
You will always be mine  
And I hope you're feeling the same way

Everytime you call me up babygirl  
Just holla let me know you're feeling me  
I don't think you know what you mean to me  
Girl, you got me so open  
Your body so fine, you're smokin'  
Let me put it out for you,  
I wanna bring it out to you  
Anytime just let me know

Rain or shine  
I will stand by your side  
And I will always love you the same  
Rain or shine  
You will always be mine  
And I hope you're feeling the same way

Girl come on  
(Girl come on)  
Girl come on  
(Come on)

Girl come on  
Girl come on  
Girl come on

[Spanish part/rap]

Rain or shine  
I will stand by your side  
And I will always love you the same  
Rain or shine  
You will always be mine  
And I hope you're feeling the same way

Girl come on  
(Girl come on)  
Girl come on  
(Come on)

Girl come on  
Girl come on  
Girl come on (come on)

[Spanish part]

Rain or shine  
I will stand by your side  
And I will always love you the same  
Rain or shine  
You will always be mine

And I hope you're feeling the same way

And I will always love you the same

Rain or shine

You will always be mine

And I hope you're feeling the same way...
