

# Heat Dies Down

Kaiser Chiefs

I can just imagine you and me  
Running out of steam  
Going through the motions  
I have no idea how you know  
When I dip my toes  
In other people's oceans

You have local knowledge  
Of the local area  
And that impressed me quite  
So I tried that night  
To do all the things I thought you'd like  
But that just made it worse  
And I impressed you not  
Well not a lot

So we started from the start...

When the heat dies down  
I'll be back in town  
But until that time  
I'll be round at mine  
When the heat dies down  
We'll be back in town  
But until that time  
I'll be round at mine

When the heat dies down,  
When the heat dies down,  
When the heat dies down,  
When the heat dies down...

I can not imagine growing old  
To have and to hold  
'Til death do part each other  
'cause I doubt I could stomach 20 years  
Spending time at hers  
And talking to that mother.

I've got wider knowledge of the world  
I just can't face another argument about the rent,  
It all seems unimportant  
In the grander scheme of things  
But I was purpose built  
To not feel guilt

So we ended at the end.

When the heat dies down,  
I'll be back in town,  
But until that time,  
I'll be round at mine  
When the heat dies down,  
We'll be back in town,  
But until that time,  
I'll be round at mine

When the heat dies down,  
When the heat dies down,  
When the heat dies down,  
When the heat dies down...
