

Shouldn't Do That

Kajagoogoo

There is a time for everyone
But this ain't the time or the place
When will you see what you're doing to me
My tear stains are easy to trace

Shouldn't do that, you shouldn't do that now baby
Shouldn't do that, did nobody ever tell you that you
Shouldn't do that, shouldn't go that now darlin'
Shouldn't do that, did nobody ever tell you not to

Something's ain't worth the worry
When you fight for them hand over tooth
You've got one hell of a lesson coming
'Cause I'm gonna teach you the truth

Shouldn't do that, you shouldn't do that now baby
Shouldn't do that, did nobody ever tell you that you
Shouldn't do that, shouldn't go that now darlin'
Shouldn't do that, did nobody ever tell you not to

There is a time for most things honey
Something's are easy to see
Something's are better forgotten
Like you sure made a fool out of me

Shouldn't do that, you shouldn't do that now baby
Shouldn't do that, did nobody ever tell you that you
Shouldn't do that, shouldn't go that now darlin'
Shouldn't do that, did nobody ever tell you not to
