There is a time for everyone
But this ain't the time or the place
When will you see what you're doing to me
My tear stains are easy to trace

Shouldn't do that, you shouldn't do that now baby Shouldn't do that, did nobody ever tell you that you Shouldn't do that, shouldn't go that now darlin' Shouldn't do that, did nobody ever tell you not to

Something's ain't worth the worry When you fight for them hand over tooth You've got one hell of a lesson coming 'Cause I'm gonna teach you the truth

Shouldn't do that, you shouldn't do that now baby Shouldn't do that, did nobody ever tell you that you Shouldn't do that, shouldn't go that now darlin' Shouldn't do that, did nobody ever tell you not to

There is a time for most things honey Something's are easy to see Something's are better forgotten Like you sure made a fool out of me

Shouldn't do that, you shouldn't do that now baby Shouldn't do that, did nobody ever tell you that you Shouldn't do that, shouldn't go that now darlin' Shouldn't do that, did nobody ever tell you not to
