

Trapped On The Throne

Kaledon

After some times his messengers came
To tell him that Kaledon's army was there.

Coming for him in the valley of death,
Carnagus soul was condemned:
He was trapped!

Face to face they are,
End is getting close:
In this hall they'll take him down! DOWN!
On this throne he was,
On his knees he'll be:
Prisoner with no way out: he's done!
He's trapped on the throne!

His castle was lost, the army got in.
Antillus and Daeniel,
They killed all the guards.

They break down the door
To the hall of the throne.
The lord of the night
Saw the end in his eyes

Face to face they are,
End is getting close:
In this hall they'll take him down! DOWN!
On this throne he was,
On his knees he'll be:
Prisoner with no way out: he's done!
He's trapped on the throne!

Face to face they are, end is getting close:
In this hall they'll take him down! DOWN!
On this throne he was,
On his knees he'll be:
Prisoner with no way out: he's done!
He's trapped on the throne!
