

Here Comes The End

Kane

Ooh I feel just like I felt before
but now it ends
Ooh it comes just like it came before
Ooh I feel just like I felt before
but now it ends
Ooh it comes just like it came before
just like the wind
just like the wind

Ooh iiiooh
Here comes the end

Times goes by just like a rolling stone
it never ends

You say no, but there you go again
no turning back
There's no turning back

Ooh iiiooh
Here comes the end
I wanna know now
just how to turn you on
Don't wanna let you go

Expected nothing in return
Just give me something I can learn
Give me something I can hold on to

Time goes by just like a
Time goes by just like a friend

Hey hey hey
And we move on until the
We move on until it ends
until it ends

Ooh iiiooh
Here comes the end
I wanne know now
just how to turn you on
Don't wanna let you go
Expected nothing in return
Just give me something I can learn
Give me something I can hold on to

Expected nothing in return
Just give me something I can learn
Got no more bridges left to burn
And what I got is what I earned

I wanna know now
just how to turn you on
don't wanna let you go
don't wanna let you go
