

# Wanna Make It Happen

Kane

I know you like the same stuff  
Don't worry 'bout it all too much  
How about getting away?  
Getting away, I wanna get it all.

She never takes it face down  
In Hollywood's great play.  
I wonder what's she's doing tonight  
Oh let 'm see you shake your best girl,  
Oh let 'm see you take the best.

Hey, hey, hey,  
I want so much more,  
I got so much left to say.  
Hey, hey, hey,  
She says, do you remember?  
Oh, if you wanna make it happen,  
Oh, if you wanna spend your life out of control,  
Wanna make it happen?  
I wanna get it all.

Let's see who's got it right now,  
Guess who's shootin' up and getting so high  
High.  
I'll tell you what the deal is tonight,  
I wanna see you shake your best girl  
Oh come and see you take the best

Hey, hey, hey,  
I want so much more,  
I got so much left to say.  
Hey, hey, hey,  
She says, do you remember?  
Oh, if you wanna make it happen,  
Oh, if you wanna spend your life out of control,  
Wanna make it happen?  
I wanna get it all.

I'm so electrified  
Want the thunder in the night  
Want the lightning in her eyes  
She says, she says, she says,  
I can't stand it but I can't let it go  
'Cause I'm so electrified

Oh!  
Hey, hey, hey,  
I want so much more,  
I got so much left to say.  
Hey, hey, hey,  
She says, do you remember?  
Oh, if you wanna make it happen,  
Oh, if you wanna spend your life out of control,  
Wanna make it happen?  
I wanna get it all.  
I wanna get it all.  
Hey, hey, hey.

Oh, if you wanna make it happen,  
Oh, if you wanna spend your life out of control,  
Wanna make it happen?  
I wanna get it all!
