Chasing Shadows

Some of you may know me and many of you won't I am just a player in the band Some of you will listen and some of you will hear Some of you may laugh at me and some of you will cheer 'Cause all of us, we are an audience Looking for evidence, to help it all make sense

Have we left the answers far behind Are we running from the light And our legs are growing weaker Chasing shadows in the night

Tell me have you noticed, the tide is rolling in The waves are crashing harder now The shore is wearing thin The message in the bottle, has been lost at sea But the word live on forever, it's meant to be

Have we left the answers far behind Are we running from the light And our legs are growing weaker Chasing shadows in the night

Have we left the answers far behind Are we running from the light And our legs are growing weaker Chasing shadows in the night
