

## It's You

Kansas

Give me your answer let me know today  
I'm searching in wonder you're making me pay  
I need you 'cause my life's turning grey  
Oh, it's you, Oh I'm blue

You left a message to say you had fled  
Couldn't believe that you wrote what I read  
I couldn't count all the times I have said  
Oh, it's you, Oh I'm blue

Love make my day  
Show me the way

Give me your answer let me know today  
I'm searching in wonder you're making me pay  
I need you 'cause my life's turning grey  
Oh, it's you, Oh I'm blue
