

## Right Away

Kansas

Right away, love me right away  
Won't you come on girl, there's no other way  
If I were you, I would see it through  
I'd be loving me, I'd know what to do right away

How do you feel about me now  
The time has come, you must decide  
Where you will run, where you will hide  
How will I know if you're alright  
I can feel the warmth of you next to me  
Hearing your voice inside my head  
Don't ever leave me, tell me you'll stay  
Don't let me go on living this way

Right away, love me right away  
Won't you come on girl, there's no other way  
If I were you, I would see it through  
I'd be loving me, I'd know what to do right away

All of this days and nights we shared  
Remember the good, forget the bad  
All of the things that we've been through  
Don't they mean anything to you  
Oh, when the night comes I feel all alone  
Knowing that you won't be there  
It was a good thing, what we once had  
Can't live without it, I've gotta get it back

Right away, love me right away  
Won't you come on girl, there's no other way  
If I were you, I would see it through  
I'd be loving me, I'd know what to do right away

Why don't you stop and think what you're doing to me
