

Moon

Kanye West

I wanna go to the moon, don't leave so soon (Don't leave so soon)
How could I get through? (How could I get through?)
I wanna go to the moon, don't leave so soon (Don't leave so soon)
How could I get through? (How could I get through?)
I wanna go to the moon, don't leave so soon (Don't leave so soon)
How could I get through? (How could I get through?)

Mhm, here we go strappin', we up
Never forget all the memories
Sittin', I sip out my cup
Thinkin' I should be a better me
Truly I'm blessed from the start
So much to say in these melodies, oh
Stare at the sky, the moon singin' sweet
Oh my God, such a sweet moment
Angels, they say I'm not ever weak, such a lonely moment
Heaven knows I might never sleep, troublin' my soul
Hey, I've been prayin', life can be drainin', oh
Hey, we were late, tryna keep haulin' on
I'm ashamed and yet, what I will see, ain't nobody knows, so I go

How can I get through? (Don't leave so soon)
How can I get through? (To the moon)
How can I get through? (To the moon)
Early afternoon
I wanna go to the moon (Take you to the moon)
Don't leave so soon (Woah)
Don't leave so soon
How could I get through? (Yeah)
How can I get through? (Ooh)
Early afternoon
I wanna go to the moon (Ooh, take you to the moon)
Don't leave so soon (Ooh)
Don't leave so soon (Don't leave so soon)
How could I get through? (How can I get through?)

Yeah-ayy, oh-oh-oh
Woah-oh, oh-oh, oh-oh
(How could I get through?) (Ooh)
