

Leopard's Tongue

Karen O

One touch and you had enough
Two touch and you lust for more
With the hair I wear on my face
Like a leopard's tongue in the mouth of a snake

Our love, it can't be beat
The animal inside me's free

Used up, used up, I'm used up
Now I'm gone, gone
Used up, used up, I'm used up
Now I'm gone, gone

One touch and you ask for more
Two touch and you're on the floor
Just a lick of sweat off your skin
Like an aftershock from the prick of a pin

Our love, it can't be beat
The animal inside me's free

Used up, used up, I'm used up
Now I'm gone, gone
Used up, used up, I'm used up
Now I'm gone, gone

All that's left is my flesh and bone, nothing I own
No one to tell when you take me with you

Used up, used up, I'm used up
Now I'm gone, gone
Used up, used up, I'm used up
Now I'm gone, gone
