

Best Thing

Kari Kimmel

Hold tight, there's something over here
I can't explain these things I feel
I'm flyin' way up higher than a kite
So happy I can't touch the ground
Don't care if I ever come down
I'm letting go and yeah it feels so right
You've shown me how, love can drown, every bad day

And it's the best thing that ever happened to me
That ever happened to me
And I'll never let you go
You're the best thing that ever happened to me
That ever happened to me
And I'll never let you go

Now you're smilin, smilin there at me
Contagious that's the way you be
I couldn't dream this all up if I tried
Walkin' on sunshine all day long
Yeah that's how we get along
So unexpected but I know it's right

I'll take your hand
Won't be scared
I'm trusting you now

'Cause you're the best thing that ever happened to me
That ever happened to me
And I'll never let you go
You're the best thing that ever happened to me
That ever happened to me
And I'll never let you go
Never let you go
Never let you go

And it's the best thing that ever happened to me
That ever happened to me
And I'll never let you go
You're the best thing that ever happened to me
That ever happened to me
And I'll never let you go
Never let you go
Never let you go
