

## Black To Gray

Kari Kimmel

I am stronger now  
Than I ever was  
I am braver now  
Than I ever was  
I can see that it's a long way down  
But I am stronger now, than I ever was

I am harder now  
Than I ever was  
And all that's sacred now  
Didn't mean enough  
I can see that it's a long way down  
But I am stronger now, than I ever was

Love left me here tonight  
Drowning down beneath the lies  
All has gone away  
And faded black to gray  
Love left me here tonight

I am colder now  
Than I ever was  
Silence haunts me now  
But I'm not backin' down  
I can see that it's a long way down  
But I am stronger now than I ever was
