

Every Second

Kari Kimmel

I feel your fingers and there holdin' on tight to me
I can't believe we're standing here
I couldn't write a better story in a crazy dream
We were always meant to be
And that's what keeps me holding on

I'm falling way too hard
I'm falling way too far
Every second that I'm with you
Every second that I'm with you
I'd risk it all
I'm so deep in love
Every second that I'm with you
Every second that I'm with you
I've been waiting for this for so long

I can't explain it
I just know that I can't walk away
I know that I can't walk away
Sometimes it's a crazy
Game I don't know how to play
But I can tell that you feel the same
And that's what keeps me holding on

I'm falling way too hard
I'm falling way too far
Every second that I'm with you
Every second that I'm with you
I'd risk it all
I'm so deep in love
Every second that I'm with you
Every second that I'm with you
I've been waiting for this for so long

I can't believe this is real
And I can't believe it's happening
You're everything to me
There isn't a doubt in my mind
Nothing could be more perfect or right

I'm falling way too hard
I'm falling way too far
Every second that I'm with you
Every second that I'm with you
I'd risk it all
I'm so deep in love
Every second that I'm with you
Every second that I'm with you
I've been waiting for this for so long
