

Fix You Up

Kari Kimmel

Even though your heart is breaking, I
Will help you out
Even though your hands are shaking, I
Will calm you down
Every time you yell and scream I'll chase all the demons out
'Cause I'm with you

I don't wanna hurt you, I won't ever let you go
I don't wanna let you down, no
I don't wanna break you, I just wanna fix you up
I don't wanna let you down, no

Oh uh oh, Oh uh oh, Oh uh oh
Oh uh oh, Oh uh oh, Oh uh oh

I know everybody's let you down, but you're safe here now
Your feet were sinking in the sand but I
Will pull you out
You can even scream and I'll feel scared,
I'll show you how
Just take my hand

I don't wanna hurt you, I won't ever let you go
I don't wanna let you down, no
I don't wanna break you, I just wanna fix you up
I don't wanna let you down, no

Oh uh oh, Oh uh oh, Oh uh oh
Oh uh oh, Oh uh oh, Oh uh oh

I told you
When you need someone to
'Cause I'm with you

I don't wanna hurt you, I won't ever let you go
I don't wanna let you down, no
I don't wanna break you, I just wanna fix you up
I don't wanna let you down, no

I don't wanna hurt you, I won't ever let you go
I don't wanna let you down, no
I don't wanna break you, I just wanna fix you up
I don't wanna let you down, no
