

Don't get too extreme
Don't be mad if I'm not ready to cry
Go tell all your friends
What you really think about me tonight
Just chill out honey
Don't take it so personally
You can stop trying to be
Somebody that you'll never be

But you can try
Trip me up baby
You'll still be a step behind
And it's all right
Try and get it baby
Watch me get ready to fly
Watch me get ready to fly

Precious little baby
Has a bit of an attitude
She don't know when to stop
She doesn't know what she's getting into
What's the matter now
Don't be mad because I figured it out
I guess it makes you feel so much better
When you're cutting me down

But you can try
Trip me up baby
You'll still be a step behind
And it's all right
Try and get it baby
Watch me get ready to fly
Watch me get ready to fly

Maybe one day we'll
Be able to see past what we feel yeah
We'll live together
In harmony but now it's time
To watch me shine

But you can try
Trip me up baby
You'll still be a step behind
And it's all right
Try and get it baby
Watch me get ready to fly
Watch me get ready to fly
