

## Fourteen Minutes

Kari Kimmel

Fourteen minutes since our last goodbye  
I'm already thinking that I can't get out alive  
Without you- oh, without you

You read my letters every single one  
The ones that say the things I never shoulda done  
Without you- oh, without you

The glass is half empty what a shame  
I'm just beggin' you to call my name and say  
I love you  
I love you  
Starin' at a portrait knowin' I'll  
Never be the same I continue to fight and say  
I love you

I don't wanna think bout the way that your smile  
Cuts through my chest so I feel like I'll die without you  
Oh without you...  
The perfect night and the perfect dream  
Lost in a moment I can't believe  
I'm losing- oh I'm losing you

Fourteen minutes since our last goodbye  
I'm already thinking that I can't get out alive  
Without you- oh, without you

The first and the last and the low and high  
The brave and the scared come here to unite  
Try to break me down, try to break me down  
I'm not giving up, for a minute I tried  
'Cause all that's left of me is to fight  
So I'm holding on, yeah I'm holding on

Fourteen minutes since our last goodbye  
I'm already thinking that I can't get out alive  
without you- oh, without you, yeah...
