

Focus, don't lose concentration  
Don't let others tear you down  
Hold tight to your intuition  
Don't let others break you down

Imagination running wild  
With just a spark  
You can ignite a fire  
And light a fire  
Everything you have inside you  
Don't hold back  
You can ignite a fire  
And light a fire

Be brave, you just go your own way  
Don't let others bring you down  
Have faith, rely on your own strength  
Don't let others hold you down

Imagination running wild  
With just a spark  
You can ignite a fire, a fire  
Everything you have inside you  
Don't hold back  
You can ignite a fire, a fire  
A fi-i-ire

Light a fire  
Light a fire, oh  
Light a fire  
Light a fire, yeah

Imagination running wild  
With just a spark  
You can ignite a fire, a fire  
Everything you have inside you  
Don't hold back  
You can ignite a fire, a fire  
A fi-i-ire

(Light a fire)  
(Light a fire)  
[Repeat]  
A fire, a fire
