

Inevitable

Kari Kimmel

Been holding on such a long, long time
Never gave up the fire
Been hanging on for the long, long, long ride
Stakes are getting much higher

It's inevitable, -evitable, -evitable, -evitable
We're gonna go down, down, tonight
It's inevitable, -evitable, -evitable, outta control
Spiraling down, down tonight

I feel it coming on
I feel it coming on
I feel it coming on tonight
I feel it coming on
I feel it coming on
I feel it coming on tonight

Starting to shake, it's getting so, so loud
I'm closer now more than ever
Ain't break, I've come too far now
I'm gonna have you forever

I feel it coming on
I feel it coming on
I feel it coming on tonight
I feel it coming on
I feel it coming on
I feel it coming on tonight

It's inevitable, -evitable, -evitable, -evitable
We're gonna go down, down, tonight
It's inevitable, -evitable, -evitable, outta control
Spiraling down, down tonight

I feel it coming on
I feel it coming on
I feel it coming on tonight
I feel it coming on
I feel it coming on
I feel it coming on tonight
I feel it coming on
I feel it coming on
I feel it coming on tonight
I feel it coming on
I feel it coming on
I feel it coming on tonight
