All i see is the beauty that you gave to me. All i want is to let go of the past and move on. I close my eyes and im haunted by the memories. I don't understand why you're gone.

Love doesn't listen to reason, And hearts have a mind of their own. Even though part of you has stopped believing, You will always be my beautiful.

I guess i can't help but wonder if you're missing me.
I don't wanna keep dreaming about all we could've been.
I can still hear your voice but its fading away.
I just can't believe that you're gone.

Oh no.

And love doesn't listen to reason, And hearts have a mind of their own. Even though a part of you has stopped believing. You will always be my beautiful.

Why do some kingdoms come crashing down, without a warning, no.

Like a wave, ruining everything, oh.

I thought we were strong enough, strong enough, to even get knocked down.

But somehow, we fall without a sound.

And love doesn't listen to reason,
And hearts have a mind of their own.
Even though a part of you has stopped believing.
You will always be
You will always be my beautiful.
