## **Nothing Left To Lose**

## Kari Kimmel

If you could know what I was feeling You'd know that I belong with you And in this love never defeated Living dying here for you

And everyday seems it will never end I fall asleep to wake and it starts over again

I got all the time in the world
And every night to think of you
And empty seems to last forever
But I guess I got nothing left to lose
Nothing left to lose

Oooohhhh yeaahhhh

I gave my heart while it was beating
And handed it over to you
And it was so beautiful when it was needed
Now it's all messed up and left in ruins

Now everyday seems longer than the last And all the faces come and go But nothing heals the past

I'm left with all the time in the world And every night to think of you And every moment lasts forever But I guess I got nothing left to lose Nothing left to lose Nothing left to lose

Ohhh nothing, nothing, nothing left to lose Nothing, nothing, nothing left to lose
