

On Your Side

Kari Kimmel

So many times said I love you
Never forgot a word you said
And I hope that I made a difference
In the way that you felt

Pushed and I pulled you closer
To see all the brilliance that I saw
And forgive all the things
That you won't let go

You can't see the other side what the world sees
So I'll try to be the one
Yeah I'll try to be the one

Take a second of breathing
Don't you fall, don't let it go
Just take a minute of feeling
Don't forget I'm on your side
All the beauty you're dreaming
Don't give up, don't hold it inside
Just take a second of breathing
I am always on your side

Don't worry, I'll take the fall
Catch you, no matter what the cost
Do whatever it takes till you believe
Hope is with everything
Building a bridge to bring you
All of the things you think you've lost
What the world has taken away from you

Take a second of breathing
Don't you fall, don't let it go
Just take a minute of feeling
Don't forget I'm on your side
All the beauty you're dreaming
Don't give up, don't hold it inside
Just take a second of breathing
I am always on your side
On your side

I won't let you walk away
I'll be here forever
Wouldn't fray a single day
I won't let you fall apart
I will hold you well
When I'm standing with you

Take a second of breathing
Don't give up, don't let it go
Just take a minute of feeling
Don't forget I'm on your side
All the beauty you're dreaming
Don't give up, don't hold it inside
Just take a second of breathing
I am always on your side, on your side
On your side, on your side
