

# Try

Kari Kimmel

One, two, three... It feels like yesterday  
When we were making love  
And now it's all messed up  
This way

I thought I'd make it  
I thought that I'd move on  
But now It's been so long  
And nothing's changed

Wooo wooo  
Can't believe you're gone  
Wooo wooo  
Baby this feels so wrong

It's been a while since I let you  
And it's only getting harder now  
It's been a while and you need to know  
You're all that I can think about  
We've been down this road for a while now  
And I can't get you off my mind  
It's been a while since I let you go  
Maybe we should give it one more try

I spent some days yell  
Trying to justify  
Why you're not in my life  
And we're apart  
The more I let go  
The more I want you back  
The more I can't exit this broken heart

Wooo wooo  
This can't be right  
Woooo woooo  
I need you in my life

It's been a while since I let you  
And it's only getting harder now  
It's been a while and you need to know  
You're all that I can think about  
We've been down this road for a while now  
And I can't get you off my mind  
It's been a while since I let you go  
Maybe we should give it one more try

One more try... One more try  
One more... One more...  
Come on  
Try  
One more try

It's been a while since a let you go  
It's only getting harder now  
It's been a while and you need to know  
You're all that I can think about  
We've down this road for a while now

And I can't get you off my mind  
It's been a while since I let you go  
Maybe we should give it one more try

One more try... One more try  
One more... One more... One more try... more try  
One more... one more  
Come on  
Try  
One more try

Come on  
Try  
One more try
