

When You Were Mine

Kari Kimmel

I'm not quite sure how I
Ever let it get to this
You're all I think about
Oh there's so much that I miss
I'm falling down
There's something in the way
That you caress me at night
There's something that I can't
Get off my mind
I've fallen down

If this didn't hurt so bad
I wouldn't be stuck here
Wishing that you were mine
Wishing that you were mine
If this didn't hurt so bad
I forget how happy I was
When you were mine
Oh when you were mine

I fell asleep tonight
I was wearing that red dress
The one you used to love
Now all that is left
Is falling down
I wish to God that somehow
I could just erase
The smell that lingers on me
And how you taste
I'm falling down

If this didn't hurt so bad
I wouldn't be stuck here
Wishing that you were mine
Wishing that you were mine
If this didn't hurt so bad
I forget how happy I was
When you were mine
Oh when you were mine

I can't figure out
No matter where I go
You are the only one
I can't seem to erase
I turn corners and hope
That I might see you there
But disappointment's all I find

If this didn't hurt so bad
I wouldn't be stuck here
Wishing that you were mine
Wishing that you were mine
If this didn't hurt so bad
I forget how happy I was
When you were mine
Oh when you were mine
When you were mine
