

Little Bit Crazy

Karmin

Don't let them fool you
No one living is immune
Don't let them trick you, no
Into howling at the moon
Normal is a scary place
That everybody seems to chase
Don't let them fool you

Don't try and fake it
You'll never make it
Everyone's a little bit crazy

Don't let them fool you
They're all looking for a spark
No one's above you, no
Chasing shadows in the dark
Normal is so hazy
Got me thinking everyone is crazy
Don't let them fool you

Everybody's crazy everybody knows
Don't you try to hide it go on and let it show

Crazy, crazy, crazy...
