

Hooked on You

Karyn White

I wake in the morning to a photo of your face
Sitting on the table watching me
Dial you on the phone to hear your voice answer
And sweet baby, I wish you were here with me

Just thinking 'bout your lovin' makes me feel so good
So irresistible, it's got me hooked on you
Hooked on you, you got me hooked
Oh baby, I'm hooked on you
You got me hooked on you

You're under my power, I like it
It is the power of love

Visions of submission paint a smile I can't erase
Pull me closer to you tenderly
Prisoner to your love, you stole my heart, I'm captured now
Like the pain and [?] of ecstasy, oh baby

Intoxicating pleasures from the things you do
A special kind of feeling like I never knew, it's so good
Just thinking 'bout your lovin' makes me feel so good
So irresistible, it's got me hooked on you
Hooked on you, you got me hooked
Oh baby, I'm hooked on you
You've got me hooked on you
Hooked on you

There's nothing that I wouldn't do
Cause baby, I'm so into you
You're all I need and even more
I never felt this way before
I'm hooked on a physical attraction start a chain reaction
You're my satisfaction
I'm hooked on you

Hooked on you
Hooked on you
You've got me hooked
You've got me hooked

Intoxicating pleasures from the things you do
A special kind of feeling like I never knew, it's so good
Just thinking 'bout your lovin' makes me feel so good
So irresistible, it's got me hooked on you
Hey, you've got me hooked on you
I'm so in love with you
Baby, it's me and you
Just tell me what to do
Baby, you've got me hooked
And when we [?]
I want [?]
Baby, you've got me hooked
Better keep him on a leash
