

Make Him Do Right

Karyn White

If he's gonna stay you better tell him the rules, ladies
Ain't gonna be no staying out late, oh no
He'd better bring it on home to you
Whatever you do don't let him do you any kind of way

You gotta make him do right
Ladies, don't you let him do you wrong
You gotta make him do right, yeah
Even if it means you'll end up alone
Do right
Ladies, don't you let him do you wrong
You gotta make him do right, yeah
Ladies, you got to be strong

If he's gonna change he'd better promise to be true, yeah
Oh, he's gotta be true
I ain't gonna play silly, silly games, no
Don't let him dog you or misuse you
Try to confuse you
You gotta let him know where you stand

Make him do right
Don't you let him do you wrong
You gotta make him do right, yeah
Even if it's gonna mean that you'll end up alone
Do right, you gotta make him do you right
Don't you let him do you wrong
Do right, make him do you right
Ladies, you got to be strong

I don't have to think it over cause I've made up my mind
If he don't wanna get married then he can't be no man of mine
I refuse to be walked on, I can't take much more
Well, I've made my decision, he's got no position
It's my way or it's the door

Do right
Don't you let him do you wrong
Gotta make him do right
Even if it means that you'll end up alone
Do right, you gotta make him do you right, yeah
Don't you let him do you wrong
Do right
Ladies, you got to be strong

If he loves you make him respect him
Ladies, don't you let him do you wrong
If he wants to do you, don't let him use you
Even if it means that you'll end up alone
Gotta make him do right
Do right
Ladies, you got to be strong
