

# Tears of Joy

Karyn White

Tears of joy, it feels so good

No man in this world has ever made me feel  
The kind of joy that you give to me  
I've waited so long then you came along  
So perfect for me

Tears of joy, they wash all my pain away  
Oh, I'm crying out loud  
Heaven knows what you've done for me  
You've made a change in my life  
I never knew how good it could be

Happiness is what I feel whenever I have you near  
Anytime I shed a tear I'm crying tears of joy  
A love like I've never know  
You've let your hear be my own  
Never will I be alone crying tears of joy  
You're my joy

No more lonely nights, your arms are gonna hold me tight  
To be loved feels so, so good  
My heart overflows, with love I will show  
I'll never let you go

Cause I have found somebody who loves me  
And I know that I'll give it back  
True love I've never known  
Oh baby, with you I am strong  
You're all that I need

Tears of joy, they wash all my pain away  
Oh, all my pain  
Heaven knows what you've done for me  
You've made a change in my life  
I never knew how good it could be

Happiness is what I feel whenever I have you near  
Anytime I shed a tear I'm crying tears of joy  
A love like I've never know  
You've let your hear be my own  
Never will I be alone crying tears of joy

Happiness is what I feel whenever I have you near  
Anytime I shed a tear I'm crying tears of joy  
A love like I've never know  
You've let your hear be my own  
Never will I be alone crying tears of joy

Someone who understands me  
Someone who will understand me  
Someone who will truly love me, baby  
Someone who I can lean on and share in everlasting happiness

Anytime I'm with you I can feel the love  
That radiates from me to your heart  
Gave into my feeling so I just start crying, crying

You came into my life and made it better  
Than I ever dreamed or could imagine  
My emotions overload and I start  
I can't stop crying  
Don't wanna stop crying  
Crying tears of joy

Happiness is what I feel whenever I have you near  
Anytime I shed a tear I'm crying tears of joy  
A love like I've never know  
You've let your heart be my own  
Never will I be alone crying tears of joy
