

On The Stage

Kate Walsh

Straight, the lines I walk, I know it's always only up
to me,
Give me strength to see this through
I know there's nothing you can do.
I had it all for just one second.
I never want to have to make the choice,
Again, again, again, again I'm on the stage.

Calling on the science, are we all a mutual liar?
Well I kill the words that keep me here,
I know they're nearly all for you.
I had it all for just one second.
I never want to have to make the choice,
Again, again, again, again I'm on the stage.

Well, wouldn't you like to be here in my place?
I didn't think so,
Wouldn't you like to be here on the stage?
I didn't think so,
Wouldn't you like to be here in my place?
I didn't think so, I didn't think so, I didn't think
so.

Imagine what it's like to have to pour your bleeding
heart into,
A song for all to hear,
You've no idea just what it does to you.
I had it all for just one second.
I never want to have to make the choice,
Again, again, again, again I'm on the stage.

Well, wouldn't you like to be here in my place?
I didn't think so,
Wouldn't you like to be here on the stage?
I didn't think so,
Wouldn't you like to be here in my place?
I didn't think so, I didn't think so, I didn't think
so.
