

# Better Off Alone

Katharine McPhee

**G**

One thing I'm wonderin'

**Bdim Dm Em**

When you run out of friends

**C**

Will you be coming back home?

**G**

**Bdim**

Let's think this through again

**Dm Em**

Let's take a different spin

**C**

**G**

Why can't I leave you alone?

**Bdim Dm**

Somewhere tonight, you may be found

**Em**

**C**

With some other girl you've been draggin' around

**G**

**Bdim**

**Dm**

You lie to yourself, and you lie to me

**Em**

**Cm**

It seems like the truth is your worst enemy

**G**

**D**

Cause baby I'm tired, tired of the fight

**F**

**C**

**G**

I'm tired of the lonely days and the dark endless nights

**D**

**F**

It's taken some time, cause I didn't know

**C**

**Am**

If I could ever let you go

**D**

**G**

You helped me figure it out

**G7**

I'm better off alone

**Em**

**C**

I'm better off alone

**G**

I may be found, somewhere tonight

**Dm**

**Em**

**C**

Cursing the day you walked into my life

**G**

**Dm**

What's done is done, I can't change time

**Em**

**C**

But I'll be damned if I'm not gonna try

Oh I'm gonna try

**G**

**D**

**F**

Baby I'm tired, tired of the fight

**C**

**G**

**D**

I'm tired of the lonely days and the dark endless nights

**F**

**C**

It's taken some time, cause I didn't know

If I could ever let you go

**Bm C**  
You helped me figure it out

**B**  
I'm better off alone

**Em D Am7 C**  
But every now and then, my heart gives in

**B7**  
To the hope that someday you'll change

**Em D A C#m A**  
Then alone I'll wake, to my own mistakes

**G**  
That it's just a foolish game

**D F**  
I'm tired, tired of the fight

**C G D**  
I'm tired of the lonely lonely lonely days and the dark endless nights

**F**  
You didn't think, cause you didn't know

**Am D**  
That I'd find the strength to let, let you go

**Bm G**  
I finally figured it out

**Bdim Dm**  
I'm better off alone

**Em C**  
I'm better off alone

**G Bdim**  
One thing before I go

**Dm**  
Something I've got to know

**C**  
Boy, did you ever love me?
