

Had It All

Katharine McPhee

F **C** **Am** **G**
Why'd I have to go and be a fool again
F **C** **G** **Am**
Why'd I have to go and make a big thing out of nothing
F **C**
I didn't know what I had 'til you were gone
G **Am** **G**
It was right in front of me all along
F **C** **G**
And now those days of "same old story"
G
Are feeling more like faded glory

F **C**
Had it all, I threw it all aside
G **Am** **G**
Thinkin' there was more out there I needed to find
F
I had it all baby
C **G** **Am** **G**
'Til you went away
F **C**
Blue skies, sunshine, and butterflies
G **Am** **G**
Those were the conditions that I left behind
F **C** **G**
Why did I let it go to waste
F
I had it all

F **C** **Am** **G**
Where are all the fireworks I thought I'd see
F **C** **G**
I still haven't found the magic I was lookin' for that made me leave, no no
F **C**
I traded in my comfort zone
G
For empty nights of bein' alone

F **C**
I had it all, I threw it all aside
G **Am** **G**
Thinkin' there was more out there I needed to find
F
I had it all baby
C **G**
'Til you went away
F **C**
Blue skies, sunshine, and butterflies
G **Am** **G**
Those were the conditions that I left behind
F **C** **G**
Why did I let it go to waste

Am **E** **F**
Why did I believe that little voice that led me down the path to this bad choice
