

Hysteria

Katharine McPhee

I don't know up from down
All I see is us
Insane, insane, insane
I'm awake, but I'm dreaming
Can't get my feet on the ground
I'm in the clouds without a sight of sun
Ooh, paralyzed but I must have a reason
I'm still believing in what will never become
I'm so clear in this confusion

I hate to let you go
(Hysteria!)
You're lightning in my bones
The tears in my eyes
Losing my mind
When we collide
Everything wrong is right
For no control
(Hysteria!)
Everybody knows
You'll never be mine
Losing my mind
When we collide
Everything wrong is right

I'm waiting for your call
Know when you're not alone
I'm strong as the day is long
I keep my foot on my pedal
So sentimental
I'd rather leave when all I wanna be is home
And how I wish I could be cold
My heart made of metal
But I still settle for what will never become
I'm so clear in this confusion

I hate to let you go
(Hysteria!)
You're lightning in my bones
The tears in my eyes
Losing my mind
When we collide
Everything wrong is right
For no control
(Hysteria!)
Everybody knows
You'll never be mine
Losing my mind
When we collide
Everything wrong is right

Damned, oh, we're we damned if we do
Oh, we're damned if we don't
Can't control my wall
Damned, damned if we do
Damned if we don't

I hate to let you go
(Hysteria!)
You're lightning in my bones
The tears in my eyes
Losing my mind
When we collide
Everything wrong is right
For no control
(Hysteria!)
Everybody knows
You'll never be mine
Losing my mind
When we collide
Everything wrong is right
Everything wrong is right
You will never be mine
Losing my mind
When we collide
Everything wrong is right
