

Open Toes

Katharine McPhee

I been needin' a girls night out
I got nothin' but hand-me-down's
I need a quick fix
To make these clothes hotter
No matter what it is
A girls gotta
The pedicure
White tip french
(french)
Legs don't make no sense
(sense)
Not rich
But I bought a diamond anklet
Keep it on
It goes with my outfit
Hey

Hey let's go
If they're not too high
Too low
I'll take them home
In purple, red, or gold
Cuz I know them boys
They like
Those open toes

Jeans all black
Hair slicked back
Baseball cap
Still cute in my open toes
Mini skirt
Feet don't hurt
Just a flirt
Too cute in my open toes
Work or play
Night or day
Do my thing
Too cute in my open toes
Never too many open toes
A girl needs plenty open toes

I'm lovin' these sling-back shoes
I like the way they stay loose
I could wear them all day
And listen to the click-clack
Shoes like this make me hate flats
Swipe that card I'm good
Another pair in leather and wood
I'm a sucker for a name brand
Skip the rack
And stick to the game plan

Hey let's go
If they're not too high
Too low
I'll take them home
(I'll take them home)

In purple, red, or gold
Cuz I know them boys
They like those open toes
Those open toes

Jeans all black
Hair slicked back
Baseball cap
Still cute in my open toes
Mini skirt
Feet don't hurt
Just a flirt
Too cute in my open toes
Work or play
Night or day
Do my thing
Too cute in my open toes
Never too many open toes
A girl needs plenty open toes

I'm feelin' down
That's when I go out
And shop till I drop
Everywhere that I want
Cuz nothing feels better
Than spending my treasure
On me
Finally
I'm where I'm supposed to be

Jeans all black
Hair slicked back
Baseball cap
Still cute in my open toes
Mini skirt
Feet don't hurt
Just a flirt
Too cute in my open toes
Work or play
Night or day
Do my thing
Too cute in my open toes
Never too many open toes
A girl needs plenty open toes

Put em on
Put em on
Let's go
Put em on
Put em on
Let's go
Only got one life
Feelin' good tonight
And this girls not stayin' home

Put em on
Put em on
Let's go
Put em on
Put em on
Let's go
Only got one life
Feelin' good tonight

And this girls not stayin' home
(Danger)

Jeans all black
Hair slicked back
Baseball cap
Still cute in my open toes
Mini skirt
Feet don't hurt
Just a flirt
Too cute in my open toes

Too cute in my open toes
