

Say Goodbye

Katharine McPhee

D **G** **D**
If I seem distant, Baby I am... Words are like scissors in your hands

G **A** **Bm C#/A**
And theres no script to follow, so I just close my eyes

Em **G** **A** **D**
That way it wont hurt so much, when we say goodbye

G **D**
I feel just like an actress up on the stage

G **D**
I cant believe, what Im hearing myself say

G **A** **Bm**
C#/A
And the porch light is my spotlight. So I play along with this life

G **Em** **A** **Bm** **A** **Bm**
That way it wont hurt so much, when we say goodbye

G **D**
Did you ever love me? Does it even matter?

Em **D**
Did you even notice the whole world shatter?

G **D**
I just want to hold you till you know Im sorry

Em **Bm** **C#/A**
But I just keep it all inside.

G **Em** **A** **D**
That way it wont hurt so much, when we say goodbye

G **D**
My heart feels like a circus... Its too much to take in

G **D**
Its hard to lose love, but you were my best friend

G **A** **Bm** **C#/A**
So I walk this high wire... Alone tonight

Em **G** **A** **Bm** **A** **G**
That way it wont hurt so much, when we say goodbye

Em **G** **A** **D**
That way it wont hurt so much, when we say goodbye
