

Room In My Head

Kathryn Williams

There's a room in my head
And you want the key
To find a way to
Hear what's in me

It's all locked up
All locked up
It's all locked up
All locked up
You'll never get in
You'll never get in

The room in my head
A museum
With framed pictures of you
A mausoleum

It's all locked up
All locked up
It's all locked up
All locked up
And you'll never get out
No you'll never get out

The room in my head
Like the bottom of the sea.
Everything that's sunk and lost
Is swimming in me
It's all washed up all washed up
It's all washed up all washed up

And I cannot even swim
You'll never get in
No you'll never get in
