

Merry Go Round

Katie Armiger

Baby here we go again,
It's the beginning or the end,
Hold on, let's take another spin,
See how long it goes.
Some days it feels like we just met,
Some days I wish I could forget
But I don't wanna give up yet
This heart's not willin' to go.

We bought the ticket, stood in line
Rode the ride a million times
But something keeps us coming back for more.

Whoa oh oh oh
We stop, we go, we're up, we're down
Whoa oh oh oh
In too deep to jump off now
So we'll keep on riding this merry go round

We're like oil and gasoline,
You make me laugh, I make you scream,
We're never dull, so extreme,
It keeps us on our toes.
We've called it off, it's no surprise,
Had more hellos than sad goodbyes,
Cause when it's good it's dynamite,
But when it's bad it blows.

We bought the ticket, stood in line
Rode the ride a million times
But something keeps us coming back for more.

Whoa oh oh oh
We stop, we go, we're up, we're down
Whoa oh oh oh
In too deep to jump off now
So we'll keep on riding this merry go round
In this merry go round

Round and round

Oh oh
We've come so close
Oh oh
Can't let this go

Whoa oh oh oh
We stop, we go, we're up, we're down
Whoa oh oh oh
In too deep to jump off now
So we'll keep on riding this merry go round
This merry go round
This merry go round
