

# Ashes Ashes

Katie Costello

The sun is bleeding and the ash is snowing  
In the distance the fire is growing  
The trees are shrinking and your heart is sinking  
Yet you've never felt more alive

Bloody sunset you remind me of when the clouds hung in fear  
And when I didn't know I could be the very same person I want t  
o be  
With the sun as red as it wants to be

The smoke is all consuming, the air of sadness looming  
Orange and red lick up the sky  
Your footprints pick up dust mites and you might not always fee  
l right  
Yet you know you're alive

Bloody sunset you remind me of when the clouds hung in fear  
And when I didn't know I could be the very same person I want t  
o be  
With the sun as red as it wants to be

Ashes, ashes we fall and float away  
Ashes, ashes come take my fears away  
Ashes, ashes we fall and float away  
Ashes, ashes come take my fears away

Bloody sunset you remind me of when the clouds hung in fear  
And when I didn't know I could be the very same person I want t  
o be  
With the sun as red as it wants to be

Ashes, ashes we fall and float away  
Ashes, ashes you've taken my fears away  
Ashes, Ashes you're but a memory  
Of that not-so-gray day
