

Sleep On My Pillow

Katrina and the Waves

Sleep, sleep on my pillow
Dream of my love
Sleep, sleep on my pillow
And I'll dream you're in love with me

Listen to me
Picture who I am
I am your true love
And you are my man
The time that we shared
Will end all too soon
So lay you down
This lullaby I'll sing to you

Sleep, sleep on my pillow
Dream of my love
Sleep, sleep on my pillow
And I'll dream you're in love with me

Remember when
I was your only
Never without you
Never lonely
But the years have changed you
Into a man I hardly know
So close your eyes
And be mine before you go

Sleep, sleep on my pillow
Dream of my love
Sleep, sleep on my pillow
And I'll dream you're in love with me

Sleep, sleep on my pillow
Dream of my love
Sleep, sleep on my pillow
And I'll dream you're in love with me
