

# High Horse

Katy McAllister

I used to be a sucker  
For any other sweet talker  
With games in mind, wasted all my time on heartbreakers  
Was just another teenager  
Always wanting to be the game changer  
With love in mind wasted all my time, too naive to recognise a  
player  
Love seemed just so dark  
So with that in mind, who do you think you are?

I wasn't looking for a knight of any kind  
So lay down your amour, this is not a fight  
I wasn't looking for a prince to convince  
I'm good enough for you, not about to bow before you  
Now, now, I never did believe in fairy tale stories  
Now, now, as I leave get off your high horse please

Oh, they all seem so charming  
But those eyes don't tell everything  
Putting faith in the weather will leave you soaked in rain, in  
rain  
Oh, I wanna know what it feels like  
To be looked at in a spotlight  
Never asked for much, just a feel for love with less pain, less  
pain  
Love seemed just so dark  
And I've failed at this from the start

I wasn't looking for a knight of any kind  
So lay down your amour, this is not a fight  
I wasn't looking for a prince to convince  
I'm good enough for you, not about to bow before you  
Now, now, I never did believe in fairy tale stories  
Now, now, as I leave get off your high horse please

Wanna walk the night and watch the sky  
In arms so tight I can tell it's right  
Wanna laugh at nothing, talk about everything  
Know someone's listening for once in my life

I wasn't looking for a knight of any kind  
So lay down your amour, this is not a fight  
I wasn't looking for a prince to convince  
I'm good enough for you, not about to bow before you  
Now, now, no, I never did believe in fairy tale stories  
Now, now, watch me leave and get off your high horse please
